

Ecoguss drain body Press. fl., DN 80, Vertical outlet

Article information

Item no.: 48883

GTIN: 4026092033395

Price group: 40

Description

The Ecoguss base body is used in combination with an attachment piece for point drainage, and is equipped with a removable odor trap, and a protective cover for the construction period.

The recyclable composite material Ecoguss meets the highest noise protection requirements, is temperature-resistant, resistant to aggressive media, and has a permanently corrosion-free surface. It is also briefly flammable from 100 to 400 degrees Celsius.

The pressure sealing flange with bolts and screws made of stainless steel is used for the clamping or welding of bitumen and polymer bitumen sheets as well as for polymer and elastomer sealing sheets. Only the sealing sheets tested by the manufacturer may be used for watertight seals. The outlet socket is suitable for connection to SML cast iron pipes. Separate equipotential bonding is not necessary.

Version:

System: 125 Odour trap: included

Waterproofing layer on the drain body: Press sealing flange (suitable for creating

watertight seals)

Sealing water height: 50 mm

General characteristics:

Nominal size (DN): 80 Outer diameter (OD): 83

Standard: EN 1253-1

Dimensions:	
Height: Diameter:	217 mm 273 mm
Tank:	
Number of outlets:	1ST
Drain body:	
Material of drain body: Socket version:	Ecoguss vertical
Fire protection:	Highest fire protection standards are reached using the optionally available Fire-Kit and Quick-Fit
