

## Accessories

Grease separators for free-standing installation

Sampling chamber Ø 400		Outer diameter Ø (mm)	Length in mm	Art. no.	
<b>Outlet lateral</b>	<p><b>Compatibility:</b> For connection to outlet pipe of separator, no ponding (allows accurate samples). Inlet and outlet Ø ... available options for synthetic material pipes in: PE-HD (according to EN 1519-1); PVC-HT, PP or AS; for grease separators for free-standing installation</p> <p><b>Inclusive:</b> Cover sealed odour-tight with snap closure</p> <p><b>Drop height:</b> 120 mm</p>		Ø 110/Ø 160	750	915 871
			Ø 200	780	915 883
			Ø 250	860	915 884

<b>Outlet vertical</b>	<p><b>Compatibility:</b> For connection to outlet pipe of separator, no ponding (allows accurate samples). Inlet and outlet Ø ... available options for synthetic material pipes in: PE-HD (according to EN 1519-1); PVC-HT, PP or AS; for grease separators for free-standing installation</p> <p><b>Inclusive:</b> Cover sealed odour-tight with snap closure</p> <p><b>Drop height:</b> 120 mm</p>		Ø 110/Ø 160	915 870

Sampling chamber Ø 450		Outer diameter Ø (mm)	Art. no.	
<b>Outlet lateral</b>	<p><b>Compatibility:</b> For connection to outlet pipe of separator. Inlet and outlet Ø 200 mm available options for synthetic material pipes in: PE-HD (according to EN 1519-1); PVC-HT, PP or AS; for grease separators for free-standing installation</p> <p><b>Inclusive:</b> Cover sealed odour-tight with snap closure</p> <p><b>Drop height:</b> 160 mm</p>		Ø 200	915 863-IS

Distribution box		Outer diameter Ø (mm)	Art. no.	
<b>Distribution box</b>	<p><b>Compatibility:</b> For twin (parallel) separator systems; for grease separators for free-standing installation</p> <p><b>Inclusive:</b> With inlet and outlet connection for polymer pipes made of: PE-HD (according to DIN 19537); PVC-HT, PP or AS.</p>		Ø 110 Ø 160 Ø 200	915 700-100 915 700-150 915 700-200

Automated water refill <i>EasyFill</i>		Art. no.
<b>Automated water refill <i>EasyFill</i></b>	<p><b>Compatibility:</b> For grease separator <i>EasyClean</i> Standard, Direct, Mix, Mix &amp; Pump according to EN 1825</p>	919 010
